Peterborough (Nene Valley) Station (Sat Nav PE2 9NR)

Next to Railworld. Signposted from the A605 Oundle Road next to the railway bridge, Directions (On foot from Peterborough mainline station) Turn right out of the mainline station then go over the pedestrian crossing and up to the dual carriageway. Turn right, walk under the footbridge and continue to the subway. Go through the subway and, shortly after, turn right through another (smaller) subway, then turn left up the ramp to meet the dual carriageway again.

Continue alongside the dual carriageway until you reach a side road called Viersen Platz. Turn into this road and continue along it, keeping the ASDA car park and store to your left. Ignore the signpost directing you to turn right down a footpath towards the river - that's the long route - instead carry on, with ASDA still on your left, until you come to a large blue footbridge over the river there are steps with the footbridge not suitable for wheelchairs. Wheelchair users can cross the river via the town river bridge on Bridge Street.

Cross the footbridge, follow the footpath alongside the river, and you will soon come to twin railway bridges. Pass under these two bridges and then under another very low one a little further on. Next, take the left fork up to the Railworld frontage and the short footpath from there to the NVR station.

Queensgate Bus Station Bus passengers should alight at Queensgate Bus Station and head for the mainline railway station. Once across the dual carriageway, using the footbridge, the above instructions should be followed from "Turn right, walk under the footbridge..." NOTE: For those that have used the alternative route on the NORTH side of the river and crossed using the RAILWORLD bridge, please be aware that Railworld have now closed this bridge to public access. PLEASE USE THE BRIDGE BY ASDA.

Bus Service: A very limited bus service is available to Stibbington village.
